

SB Number:	SB 3JY-001	Creation Date: 03/08/2006
Subject:	Remarks when replacing a SPACER FINISHER	
Model:	DF-710	

To improve the production process for the SPACER FINISHER, the new and old parts are no longer interchangeable.

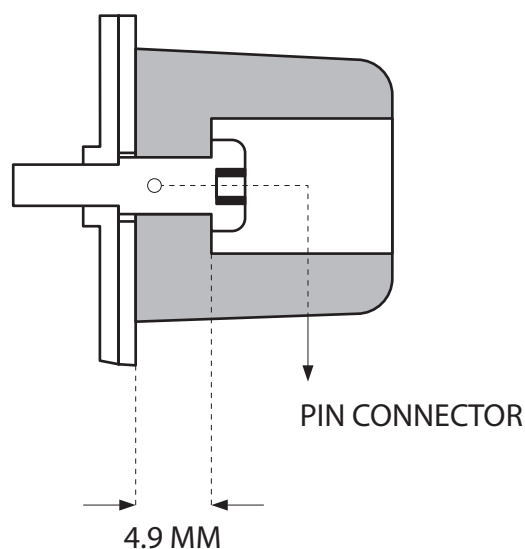

Contents of change

When fixing the SPACER FINISHER, it should be fixed by PIN CONNECTER, instead of a SCREW and a WASHER. Due to the above change, the shape and measurements of the SPACER FINISHER is changed.

OLD SITUATION

NEW SITUATION

No.	Old parts number	New part number	Description	Q'ty		Interchangeability	
				Old	New	Old	New
1	303JY02470 3JY02470	303JY02471 3JY02471	SPACER FINISHER	2	2	X	O
2	5MBTPB3014TW++R B1A53140	302FB08462 2FB08462	PIN CONNECTOR	2	2	X	X
3	C2604080	-----	PLAIN WASHER M4-8 (BRASS,N:)	2	-	X	-

Field Measure:

When replacing the parts, please use the new part 'PIN CONNECTOR' only to fix the new SPACER FINISHER (Do not affix the old SPACER FINISHER).

This change will take affect from:

The production in August, 2006
