<b>Subject:</b>	<b>System firmware update</b>	
<b>Model:</b>	<b>FS-1118MFP</b>	

## **System firmware is upgraded as follows:**

### **Version 001.123**

Default number of ring tones has been adjusted.

- FAX RX: from 3 to 2
- FAX/TEL: from 3 to 1
- Answering: from 3 to 10

Type	Program No.	Check SUM	VER.	Remarks
System	S2GM_2000001123	4B13	001.123	-

#### **Note:**

The changes in this firmware will only take effect when used in combination with FAX System of July 2005 production or FAX firmware version 003.002 (or later.)

### **Version 001.131**

The following phenomena have been corrected in the new firmware:

1. Characters for FAX RX record are corrupted if message language is other than English;
2. FAX RX job record containing special characters is not correctly displayed;
3. Sender information is not included when sending FAX;
4. Chinese message data is now incorporated.

System	S2GM_2000002019	4B13	002.019	-

#### **Note**

1. PBX setting is not indicated in the Menu Map. This will change in September 2005 production;
2. Indicating PBX setting when using FAX firmware version 003.002 and before will require an upgrade to the new firmware and setting the country code in the user function;
3. To enable the changes in version 001.123, FAX System of July 2005 production or FAX firmware version 003.002 or later must be used together.
