

SB Number:	SB 2FZ-029	Creation Date: 12/06/2008
Subject:	Add protection sheet to prevent scraping of the fuser heat roller	
Model:	KM-C2520/3225/3232/2525E/3232E/4035E	

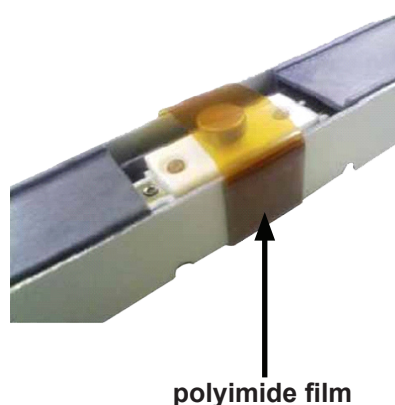

Phenomenon	Depending on the wiring process of the fuser thermostat wire, it may be possible that the fuser thermostat scrapes against the surface of the heat roller.
-------------------	--

Solution	Add polyimide film on the surface of the fuser thermostat between the thermostat and fuser heat roller, to protect the heat roller.
-----------------	---

Sectional drawing of the heat roller on the fuser unit/thermostat section

Fuser thermostat
